

# 1D Picture this

## Urbanisation

### Student A

1 Describe your pictures to Student B for him/her to guess the phrase.

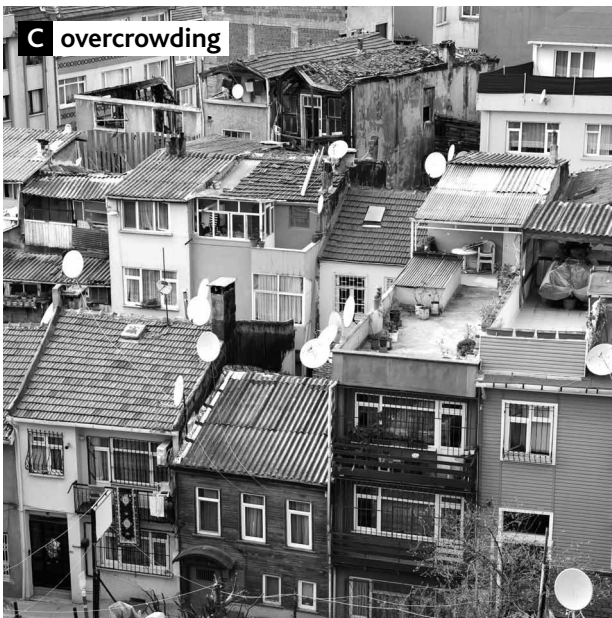

**A** reclaimed land

**B** green-belt land

**C** overcrowding

**D** residential area

2 Listen to Student B describe four pictures and choose the correct phrase from the box. There are two extra phrases you don't need.

congestion      demolition of old buildings      high-rise buildings  
infrastructure      no-go area      sky-high property prices

3 Which of the things can you find where you live?

# 1D Picture this

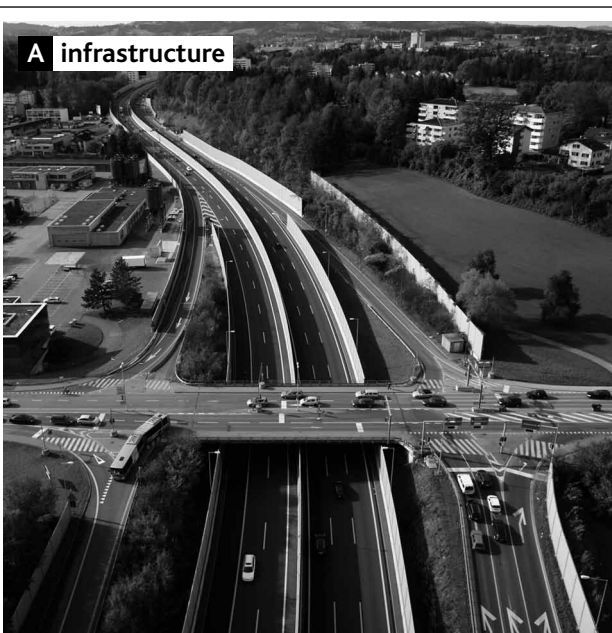

## Urbanisation

### Student B

- 1** Listen to Student A describe four pictures and choose the correct phrases from the box. There are two extra phrases you don't need.

availability of housing    green-belt land    overcrowding  
reclaimed land    residential land    shanty town

- 2** Describe your pictures to Student A for him/her to guess the phrase.

- 3** Which of the things can you find where you live?

## Instructions

**You will need:** one copy of the Student A worksheet and the Student B worksheet per pair

- Divide students into pairs, and give one copy of the *Student A* worksheet or the *Student B* worksheet to each pair.
- Make sure students don't show each other their worksheets. Student A starts by describing their pictures to student B (without saying the word it illustrates), who chooses the correct phrase to describe it.
- When they have finished, student B describes their pictures to student A. Check answers with the class.
- Students discuss which of the things they can find where they live. If students are all from the same place, they could talk about another city they know.
