

## Instructions

*You will need: one copy of the worksheet per pair*

- Divide the class in half. Give a copy of *Crossword A* to each student in group A and a copy of *Crossword B* to those in group B.
- Students work together in groups to check they know all the meanings of the words they can see on their half of the crossword. They can refer to the Student's Book if necessary.
- Pair one Student A with one Student B. They are not allowed to look at each other's crossword.
- Students take it in turns to define the words that appear on their half of the crossword to their partner. The partner has to guess the words and write them in his/her own crossword.
- Students continue until they both have a completed version of the crossword.
