Role card L

You've been to the North Pole.
You've sailed across the Atlantic Ocean.
You've eaten sheep's eyes.
You've slept in a treehouse.

14A The Traveller's Club

Instructions

You will need: one role card per student

- Pre-teach the following items of vocabulary: *climb a mountain, sunrise*. Also check that students know the past participles of the irregular verbs *swim, drink, ride, sleep, work* and *drive*, and that they can pronounce all the place names that appear on the role cards.
- Tell students that they are all members of the Travellers' Club, which is for people who have travelled all over the world. They are going to a meeting at the club, where they will meet lots of other travellers.
- Give each student a role card and allow them time to check the information. (Role cards A–H are needed for all students to complete the activity. Role cards I–L are optional. If you have more than 12 students, use duplicate role cards.)
- Students move around the room and start conversations with each other. The aim of the activity is for each student to find at least one person who has done each of the things on his/her own role card. In order to do this, they must ask questions with *Have you ever ...?*, based on the points on the cards.
- When they find someone who has done the same thing as them, they should write his/her name on their role card. Encourage students to ask suitable follow-up questions where appropriate.
- The activity continues until all the students have found at least one person for each of the activities on their role card.
- Finally, students discuss their answers in small groups or with the whole class.
