hair and she in her 30s.

21

Countable or uncountable?

cheese

banana

cereal

biscuit

butter

olive oil

egg

sausage

14B Revision board game

Instructions and Answer key

You will need: one copy of the board and one set of Question cards per group of three students; dice and counters

- Put students into groups of three. Give each group a copy of the board, a set of *Question cards* (shuffled), dice and counters. Tell students to put the *Question cards* face down in a pile on the appropriate space on the board and their counters on the *START* square.
- Students take it in turns to throw a number. If Student A lands on a square with a question mark on it, he/she must pick up a *Question card*. He/She should place the card down so that all the students can read it, then attempt to answer the question.
- If the other students think that the answer is correct, Student A stays on the square. If the answer is not correct or Student A cannot answer the question, he/she should move back to his/her original square. If students cannot agree, the teacher adjudicates (see Answer Key).
- If a student lands on a square with a phrase on it, he/she must talk about that topic for 15 seconds without stopping. (If one of the students in each group has a watch with a second hand, make him/her the timekeeper.) If he/she cannot think of anything to say or stops talking before the 15 seconds are up, he/she must return to his/her original square.
- The first student to reach the *FINISH* square is the winner. Groups who finish first can go through the *Question cards* and check their answers.

ANSWER KEY

- | | |
|---|---|
| 1 like, do | 11 Where did you go on holiday three years ago? |
| 2 How many, How much, How many | 12 always, usually, often, sometimes, not ... often, never |
