

1 Match the words with the things in the pictures.

sausages tomatoes chicken potatoes orange juice
 chocolate wine bananas beer apples tea

2 Write the words from exercise 1 in the correct boxes.

meat	vegetables	fruit	drink	other
<i>sausages</i>				

3 Look at the picture again and test your partner.

What's this? Orange juice.

What are these? Potatoes.

4 Choose four things you like and four things you don't like from the picture. Tell the other students.

I like bananas. I don't like beer.

Instructions and Answer key

You will need: one worksheet per student

- Give a copy of the *worksheet* to each student. Divide the students into pairs and allow them time to do as much of Exercise 1 as they can. Check the answers with the whole class (see Answer key). Check the students can pronounce all the words correctly before continuing. Pay particular attention to *sausages* /'sɒsɪdʒɪz/; *orange juice* /'ɒrɪndʒ dʒu:s/ and *chocolate* /'tʃɒklət/.
- Students work in pairs and do Exercise 2. Check the answers with the whole class (see Answer key). Check also that students know the spelling of the singular nouns (particularly *tomato* and *potato*). With a strong class, you may choose to teach some other items of food and drink vocabulary which are particularly useful for your students, and ask them to put them in the right category on their worksheet.
- Tell the class to cover all the words on the worksheet with a piece of paper. Students then do Exercise 3 in pairs, taking it in turns to ask their partner what the items are.
- Finally, students do Exercise 4 in small groups.
