8 do / work / read a newspaper every day?	
9 watch / play / study TV a lot?	
10 study / watch / eat meat every day?	
11 eat / like / speak jazz or opera?	

Instructions and Answer key

You will need: one copy of the worksheet per student

- Give copies of the *worksheet* to each student. Students work individually and choose the correct verb in each of the questions. Allow students to compare their answers in pairs before checking with the whole class (see Answer key).
- Tell students to write the name of someone they know well and their relationship to them in the box at the top of their worksheet (e.g. *Her name is Claudia. She is my sister*).
- Put students into pairs and tell them to swap worksheets. Students ask their partner questions about the person at the top of the worksheet, using the prompts in the first column. Encourage students to use the language in the *DON'T FORGET!* box during the activity.
- When Student A has finished asking all his/her questions, Student B completes his/her worksheet in the same way. Encourage students to include more details in their answers if possible (e.g. *Yes, she does. She speaks English and French.*).
- Optional stage: Students write sentences using the information they have on the worksheet. For example: *Claudia is Paolo's sister. She doesn't watch sport on TV but she uses the internet every day.*
- Finally, students can share the most interesting things they have found out about the person with the whole class.
